Effective work is being done in the 53 neighborhood meetings of our Shorchi district, as well as in other locations. In particular, the laying of asphalt on the roads and internal streets in the neighborhoods of "Tamaddun", "Joyilma", "Ibn-sino", "Sovjironbobo", "Yalti", "Khushchekka" pleased every citizen and passenger.

Now the roads at this destination will not be dusty in summer and muddy in winter. Residents will not be forced to walk through the dirt. After all, one of the aspects that give beauty to the image of each region are the roads of that place.

- With the initiative of official leaders and activists of our neighborhood, the problems in our neighborhood are being solved positively step by step, - says Momin Salomov, chairman of Joyilma neighborhood.- The reforms, changes and innovations that are being implemented with the participation of citizens, in front of their eyes, are the cause of joy for each of us.
